## FILA

The image shows an Excel spreadsheet with 12 rows and 4 columns labeled A, B, C, and D. The first row is highlighted in grey. Row 2 is highlighted in yellow and has a thick black border. Red arrows point from the labels 'Fila 2', 'Fila 4', 'Fila 6', and 'Fila 11' to their respective rows. The background features a large gear graphic on the left.

## CELDA

The image shows an Excel spreadsheet grid with columns A, B, C, and D, and rows 1 through 12. The header row (row 1) is shaded grey. Column A is highlighted in yellow. Three cells are highlighted with red rectangles: cell A2, cell B5, and cell B9. Red arrows point from text labels to these cells: 'Celda 2A' points to A2, 'Celda 5B' points to B5, and 'Celda 7B' points to B9. Another red arrow points from 'Celda 2D' to cell D2.
